SKC Industries LLP

An ISO 9001:2015 CERTIFIED COMPANY

M.F.G and Exporter and Supplier

SKC Industries LLP

We SKC INDUSTRIES LLP are one of the reputed Concerns in salt Business, engaged in manufacturing and supplying premium quality of raw salt, coarse salt, de-icing salt, tablet salt, iodize salt, industrial salt, free flow salt, edible salt and all other forms of salt that we have export for different application. Business integrated salt refinery as well as consumer packaging unit, using the latest technology available in the market n region, to refine the salt to a very high degree of purity. The sophisticated principle of chemical engineering used by company are the same as favored by leading salt refineries in Switzerland, Australia, Spain and other European countries. Our consolidated production capacity 600MT/Day. Being in the business for nearly ten year plus, we have witnessed the evolution of the salt manufacturing companies in India. We have evolved from a humble beginning to a company that is exporting and supplying to major domestic n international market. Our arduous effort to supply the hygienically packed iodize salt to our clients has been highly appreciated around the globe. We follow good manufacturing.

Our company incorporated latest production method to manufacture our edible salt product. After going through the initial stage of drying of sea water it is brought into our state of art production unit where it is cleaned for impurities, changes to granulate from hygienically packaged for delivering. We advise cost effective production methods that result in high quality iodized salt being made available at industry leading prices. Our constant endeavors ensure that our production unit is regularly updated with modern machine that help in faster production.

Products		
Edible	Industrial	
Triple Refined Free Flow Iodised Salt	Pure Grade Industrial Salt	Raw Salt
Low Sodium	Medium Grade Salt	De – Icing Salt
	Table Salt	

	Nacl	Iodine	Moisture	Particle Size	Others
Edible Salt					
Free Flow Iodized Salt	99	30 to 100	0.25	150 - 850	
Low sodium Salt	80/85/90	30 to 50	0.25	150 – 850	KCL 20%/15%/10%
Double Fortified Salt	99	30 to 50	0.25	150 – 850	1000PPM

Industrial Salt	Nacl	Ca%	Mg.%	Moisture	SO4	Particle Size
Pure Grade Salt						
50 PPM	99.80	0.0008	0.0072	0.15	0.05	As per Demand
80 PPM	99.75	0.0096	0.01	0.15	0.08	As per Demand
100 PPM	99.70	0.01	0.012	0.15	0.10	As per Demand
120 PPM	99.65	0.02	0.016	0.15	0.12	As per Demand
150 PPM	99.60	0.036	0.02	0.15	0.15	As per Demand
Medium Grade Salt	99.3	0.08	0.06	0.25	0.22	As per Demand
Super Fine Salt	97.00	0.15	0.15	0.3	-	Powder
Table (Pool) Salt	99.5	0.02	0.02	0.15	0.15	11mm Thickness 23 mm Diameter.

Products	Use / Applications
Triple Refined Free Flow	Edible Grade consumer packing like Table salt and Biscuit/ Chocolate/ Pharmacy/Food industries/ Paper industries
Low Sodium salt	Use in Medicated salt like Heart diseases/ blood pressure
Double Fortified Salt	Prevention of Iron Deficiency- anaemia & Source of Haemoglobin
Pure Salt	Use in Dying, Fabric Industries
Super Fine Salt	Use in edible (Namkeen/ baking/ Cattle feed and Industrial Use)
Tablet Salt	Water Purification
(Common Salt) - Raw Salt	De – Icing / Cattle feed / Meat Industries
Coarse Salt	Oil Drilling / Use in speckles
30 Mesh Grade	Use in – Detergent Industries
